
October 2020

Andrew's Angle

I don't know about you, but I feel like research has got a whole lot harder. At the best of times, it's never easy, and these are surely not the best of times. On top of all the COVID-related issues—masking, mandated lab de-population and cleaning shutdowns—we have the national uncertainties and affronts and our institutional own-goals...

NEW PODCAST EPISODE

S2 E7

Collecting COVID-19 Data for Action

Measuring COVID-19 impacts on Centre County, PA

For the latest episode of [The Symbiotic Podcast](#), we teamed up with the Penn State student hosts of Podward State to interview two researchers collaborating with a wide

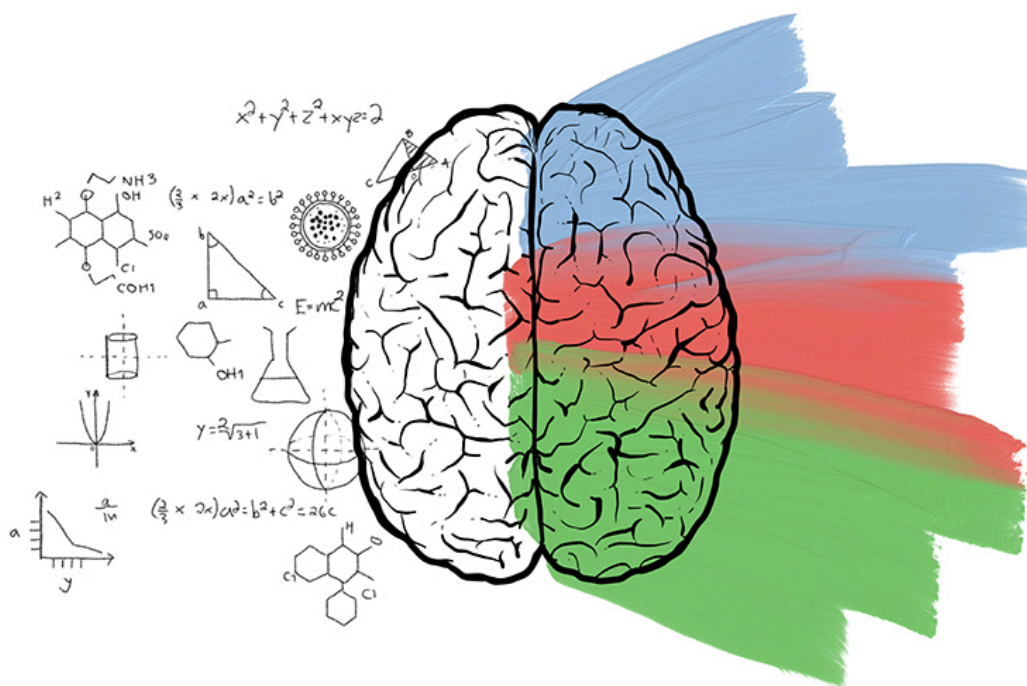

range of partners to measure social, economic and health impacts of the COVID-19 pandemic on our local community.
